

Energize Your imagination!

Victor Pacini

Victor delivers the “WOW” students want and the essential content that faculty members and parent organizations are looking for. His programs are a balance of high-energy, humor, and thought-provoking moments. His interactive format that incorporates music and a variety of multimedia approaches promises an experience in which students can’t help but walk away with an increased positive self-regard and improved outlook on life.

PROGRAMS - ELEMENTARY SCHOOLS

MY DREAMS™ This program is dedicated to helping people understand the importance of following their dreams and never giving up despite the challenges they might face. Victor’s original song, My Dreams, begins this journey. The song’s lyrics are very powerful and available upon request. Victor interacts with audience members, asking them to share their dreams with the group. The idea of role models is emphasized during an exercise in which Victor stresses the importance of learning from personal acquaintances along with well known heroes. Victor sings an original song that focuses on three well-known individuals who inspired the world by living their dreams, and not giving up despite the obstacles they faced. The original song, Lucky Penny, brings home the concept of never letting anyone tell you can’t do something because you are not good enough.

ONE SONG™ One Song is dedicated to conveying the message that we are one. Even though we look different, act different, we are connected. This program also deals with issues of bullying and pressures to fit into a group. Victor creates a role-playing situation by bringing audience members up to form The One Song Band. During this fun interchange, he uses the analogy that even though we are like different instruments, when we play together, we play one song. That song being...humanity.

THE ARTIST WITHIN™ The Artist Within enables people to create their own masterpiece—their unique creative plan to feel good about themselves and to treat others with kindness and respect. Victor stresses the importance of qualities such as kindness, respect, giving and caring. He provides suggestions for incorporating them in daily life. Through song and interactive discussion, Victor illustrates the importance of identifying people in our lives that we can learn from. During the original song titled Lessons in Session, audience members act out a scenario that demonstrates the art of giving and kindness. The program concludes with “The Artist Within Challenge.” This exercise notes the importance of commitment and challenges students to do a kind act for someone within one week. Teacher follow-up is highly recommended. (Fits Character Education Guidelines.)

PROGRAMS - MIDDLE & HIGH SCHOOLS

MISSION: I’M POSSIBLE™ This program provides insightful suggestions that people can use as tools to help them realize that despite the difficulty of any obstacle, goals can be reached successfully. Victor lost his sister due to domestic violence. Instead of staying in a state of anger and sadness, he channeled his emotions and created a foundation that helps battered women. Victor will demonstrate that through the power of choice, students can take responsibility and turn any adversity into a powerful lesson to move forward in life. Victor will drive home the truth that it is the responsibility of each individual to create the life they want.

FROM SNOW CONES TO MICRO-PHONES™ (Teaching & Inspiring Students to Have Dreams & Goals.) This program is ideal for all middle school students. Victor emphasizes the importance of not just going to school but participating in the whole experience. By doing this, students will realize the importance of trying new activities. In middle school, students begin thinking about careers and their interests start becoming evident. Victor will reassure them that by participating in many activities, the spark for their true passion may become very clear. When this happens, personal growth occurs and the opportunity to create a fulfilling life, both personal and professional can exist beyond the school years.

1ST PERFORMANCE	\$700
2ND PERFORMANCE	\$350
3RD PERFORMANCE.....	\$200
